

2026 ENTERPRISE VISION AWARDS

SUPPORTING CHANGE. CREATING OPPORTUNITY. DRIVING IMPACT.

#EVAS2026

At the Enterprise Vision Awards, we believe business can be a force for good.

Through our events, platforms and community, we use our profile to shine a spotlight on the people, causes and organisations creating positive change. From championing inclusivity and accessibility to supporting sustainability, diversity and social impact, we are committed to building an event that reflects the values of the women we celebrate.

With a reach of thousands of business owners, decision makers, partners and supporters across the UK, we have an opportunity to start conversations, challenge perceptions and create meaningful impact.

Our **Partner with Purpose Programme** enables organisations to align their brand with initiatives that make a genuine difference.

Whether supporting accessibility, sustainability, young talent, mentoring or community impact, your investment helps us create a more inclusive, accessible and purposeful EVAS experience while demonstrating your own commitment to positive change.

Together, we can create progress with purpose.

At the same time, mentors gain fresh perspectives, develop leadership skills and play a direct role in supporting the next generation of female entrepreneurs.

As the Mentor Programme Partner, you will be associated with one of the most impactful initiatives within the EVAS and WIB360 community, helping create opportunities that extend far beyond awards night and deliver lasting change.

Pay It Forward Partner

Helping women take their seat at the table

Sometimes the biggest barrier isn't confidence, ambition or ability. It's access.

The **EVAS Pay It Forward Scheme** helps women who may be facing financial challenges, caring responsibilities, career transitions or difficult circumstances access opportunities they might otherwise miss. By supporting this initiative, you're helping ensure that talented women can attend, connect, learn and be part of a community that believes in their potential.

Because no woman should miss an opportunity simply because she couldn't afford the ticket.
